

01 THE METROPOLITAN AREA

02 LOS LUNAS + BELEN

03 EAST MOUNTAINS

A WORKING MAP OF PLACE

Warm historic styling; contemporary geographic data.

- Highway / interstate
- Historic Central Avenue / Route 66
- Rio Grande
- Forest / public-land context

READING THE LAYERS

County tones: subdued background jurisdiction context.
Dashed fine outlines: 2020 Census ZIP Code Tabulation Areas.
Fine enclosed areas: active, recognized CABQ neighborhood associations.
Military and tribal areas retain distinct boundary styles.
Triangles: selected major public high schools. Crosses: hospitals.
Squares: selected colleges, civic offices, employers and airport.

YOUR FARMING TERRITORIES

Use the private digital companion to draw personal territories, name them, and add notes. Custom territories are separate from official neighborhood associations and MLS service areas.
School markers identify locations, not attendance zones.
Regional geography is continuous online; print insets have their own scales. No property listings or market metrics included.

MLS LAYERS: PENDING VERIFICATION

No verified current SWMLS polygon layer is included.
A GAAR reference map exists; currency and reuse require review.
MLS geography is not inferred from ZIP or neighborhood areas.
Rio Rancho / East Mountains subdivision polygons require additional authoritative local data; community labels are shown.
Employer markers indicate locations, not employment rankings.
